- a: Enrichment results of identified glycoproteins based on GO enrichment.
- b: Distribution of different core structures across the top 10 GO:BP-enriched terms.
- c: Distribution of different core structures across the top 10 GO:MF-enriched terms.
- d: Distribution of different core structures across the top 10 GO:CC-enriched terms.
- e: Distribution of different glycan types across the top 10 GO:BP-enriched terms.
- f: Distribution of different glycan types across the top 10 GO:MF-enriched terms.
- g: Distribution of different glycan types across the top 10 GO:CC-enriched terms.
- h: Distribution of different branch counts across the top 10 GO:BP-enriched terms.
- i: Distribution of different branch counts across the top 10 GO:MF-enriched terms.
- j: Distribution of different branch counts across the top 10 GO:CC-enriched terms.
