

GO:MF

Anatomical Structure Morphogenesis  
Atpase Activator Activity  
Atpase Regulator Activity  
Axon  
Binding  
Cell Adhesion  
Cell Adhesion Mediator Activity  
Cell Adhesion Molecule Binding  
Cell Junction  
Cell Junction Organization  
Cell Morphogenesis Involved In Neuron Differentiation  
Cell Periphery  
Cell Projection Morphogenesis  
Cell Surface  
Cell-Cell Adhesion Mediator Activity  
Glutamatergic Synapse  
Membrane  
Metal Ion Transmembrane Transporter Activity  
Neuron Development  
Neuron Projection Development  
Neuron Projection Morphogenesis  
Plasma Membrane  
Plasma Membrane Bounded Cell Projection Morphogenesis  
Plasma Membrane Region  
Protein Binding  
Protein Binding Involved In Heterotypic Cell-Cell Adhesion  
Synapse  
Synapse Organization  
Synaptic Membrane  
Transporter Activity
